Modern Languages

Learning a new language encourages children and young people to broaden their horizons as they explore the language and its associated culture.

Through my learning of a new language:

- I gain a deeper understanding of my first language and appreciate the richness and interconnected nature of languages
- I enhance my understanding and enjoyment of other cultures and of my own and gain insights into other ways of thinking and other views of the world
- I develop skills that I can use and enjoy in work and leisure throughout my life.
